Summary

Cross functional developer with 7 years' experience in software and web development. I have worked as a full stack developer along with test automation and deployment (docker, Jenkins, AWS). I have also participated in many hackathons conducted in my office and have given solutions to some problems. I have experience of working in Agile methodologies. Interested in solving any business problem using latest technology and programming standards.

Skills

Languages	Java, Nodejs
Frameworks	Dropwizard, Spring, Jersey, Junit, Mockito, Sinon-Stub, Selenium, Express, React-Redux, hibernate, JDBI
Query Language	Graphql
Database	Postgres, MySQL
Deployment	Docker, Jenkins, AWS, Pipeline as Code, Ansible
Architecture	Microservice, Event Driven architecture, REST based APIs

Work Experience

2015 - Present	Cross Functional Developer <i>Connected Homes- London, UK</i>
2014 - 2015	Application Developer Cognizant Technology Solutions Ltd
2010 - 2014	Application Developer Infosys Technologies Ltd

Education
